We are continuing to offer a provision from April 2022 in North Ayrshire we are actively looking for young people to be referred onto our programmes for some reason North Ayrshire referrals are a bit quiet just now.

I have detailed below the programmes we are running now and from April 2022

Creative Pathways Starts 19th April 2022 (Stage 2 with a Training allowance of £55 per week)

Aged 16+ and out of work, education or training? Then this programme is for you! At Impact Arts you can be creative, gain in confidence and earn qualifications. We are not looking for young people with lots of creative skills, and you don't need to be a whizz at art to join in - an interest in creativity is more than enough.

Over 12 weeks, using the arts as a focus we will support you to feel more confident, overcome some of the hurdles you might be facing and gain some qualifications. You will be supported by an artist, youth worker and opportunities co-ordinator who will provide 1:1 and group support. We will provide you with everything you need to get involved.

Our Creative Pathways programmes are a fun and engaging way for you to increase your employability skills, gain a qualification and work on some fun creative activities. During the course of 12 weeks we will work with you to gain the SQA accredited Employability Award and support you to progress to a positive destination, for example- further training, college or employment. We will ensure that everyone who joins the programme has the materials they need in order to participate, including art packs, SQA paperwork and access to digital resources.

Barnardos -We have been awarded funding from Inspiring Scotland to set up the new in tandem project for the full of Ayrshire We will be providing mentoring to children and young people aged 8-14 that are 'looked after' at home with a supervision order in place with NO condition of residency. So as you can imagine the children will most likely be very vulnerable and will have heavy social work involvement. Our volunteer mentors will take their mentee out for roughly 2 hours per week or every 2nd week and try and build a strong trusting relationship with them. We do ask for 12 months commitment. We provide a very robust training package which is done over roughly 21 hours. And again I am flexible as to when the training takes place to suit our volunteers. The volunteers also get access to any in house Barnardo's training. They are fully supported by myself we have supervision every 4-6 weeks . All expenses paid by us. They are giving a 'work phone' to use to communicate with their mentee/family. Volunteer mentors must be 18+ but no upper age limit applies
